## Your Back-office is Our Front-office

Our expertise covers a full portfolio of corporate services: bookkeeping, payroll, accounting, controllership, tax compliance, human resources, working papers and much more. We effectively streamline and improve your operations through state-of-the-art outsourcing, enabling higher productivity and efficiency, allowing you to turn your full attention to better serving your clients' needs, and your own.

Numeric Answers is an established corporate services company dedicated to providing Canadian businesses with accurate and timely financial reporting. Since 2003, Numeric has contributed to the continuing success of its clients, who have made informed business decisions with precise monthly, quarterly and year-end financial information.

### **OUR MISSION**

Numeric's mission is to provide superior corporate level bookkeeping, accounting and human resource services to Corporations of all sizes and high-net-worth families, enabling the financial efficiency and stability that allows them to flourish.

### **OUR VALUES**

At Numeric, our culture of trust and teamwork is clearly reflected in our caring staff and the 1st-tier clients we deal with. We reward hard work and excellence, and strive to continuously uphold an office environment that brings out the best in our staff – they know their efforts are valued, instilling a sense of fulfillment that is passed on to our clients with work of the highest quality.

We consider our clients members of the Numeric family and treat them as such, delivering a conscientious, personal touch that is a cut above the norm and the cornerstone of our long-standing client relationships.
